Kalit so'zlar: milliy iqtisodiyot, bino, inshootlar, turistlar, infratuzilma, mahsulot.

Annotatsiya

Maqolada O'zbekistonda xalqaro turizmni rivojlantirishning o'ziga xos iqtisodiy jihatlari hamda xorijiy davlatlar bilan turizm sohasida aloqalarni o'ziga xos iqtisodiy jihatlari hamda xorijiy davlatlar bilan turizm sohasida aloqalar o'rnatish, rivojlantirishning qurilish iqtisodiyoti bilan bog'liq masalalari ko'rsatilgan.

http://www.gospodarkainnowacje.pl/ © 2023 LWAB.

Turizm dunyo tamaddumining bosh gultoji bo'lib, hozirgi kunda sayohat insoniyat maqsadlarining asosini tashkil qilib kelmoqda. Ayniqsa, milliy turizmning rivojlantirish istiqbollari, O'zbekistonda turizm industriyasining jahon bozoridagi mavqeini oshirishga ko'maklashadi. Fikrimizning isboti sifatida bugungi kunda turizm sohasida katta yutuqlarga erishilayotganligi, tez sur'atlar bilan o'sib borayotganligi, yangidan – yangi mehmonxonalarning barpo etilayotganligi, ishchi o'rinlari sonining ko'payishi, malakali mutaxassislarning ortib borishi, turistlar oqimining yildan-yilga ko'payayotganligini ta'kidlab o'tishimiz joiz deb hisoblaymiz.

Albatta O'zbekistonning qulay iqlim sharoitlari va o'ziga xos landshaftini inobatga olganda sport va ekologik turizmning rivojlanishi uchun barcha asoslar mavjud. Farg'ona vodiysi va Toshkent viloyati ajoyib tog' tizimlari, gullagan vodiylar va ajoyib tog' daryolariga boy. Tog'ning toza havosi, yil davomida quyoshli kunlarning ko'pligi, ajoyib tog' manzaralari nafaqat O'zbekiston fuqarolarining, balki Qozog'iston, Qirg'iziston va Tojikiston kabi qo'shni mamlakatlarning aholisi ham tashrif buyuruvchi turizm obyektlariga aylanishiga imkon beradi. O'zbekiston hududida mineral suvlarning turli xil turlari keng tarqalgan, mamlakatdagi 300 dan ortiq shifobaxsh yer osti mineral suv manbalariga ko'plab odam tashrif buyuradi.

Hozirgi kunda bu manbalardan 121 tasi faoliyat yuritmoqda. Chimyon va To'rtko'l kabi tog' – chang'i sportini rivojlantirish mumkin bo'lgan bir qancha tog' maskanlari mavjud. Baland qorli tog'lar,

Copyright © 2023 All rights reserved International Journal for Gospodarka i Innowacje This work licensed under a Creative Commons Attribution 4.0

alpinizm, speleoturizm, daryo turizmi kabi turli tog‘ turizmi turlarini amalga oshirish imkonini beradi. Shifobaxsh giyohlarning ko‘pligi turli xil ekologik turlar, turli giyohlar va o‘simliklar yig‘ish uchun turlarni tashkil etishga imkoniyat yaratadi. Bu esa ko‘plab chet ellik turistlar orasida qiziqish uyg‘otadi.

Turizmning hozirgi holatini baholar ekanmiz, shuni qayd etish muhimki, O‘zbekistonda infratuzilmaning rivojlanish darajasi chet ellik turistlarning ehtiyojlarini to‘liq qondira olmayapti. Infratuzilmaning rivojlanmaganligiga raqobat va takomillashishni rag‘batlantirish imkonini bermagan avvalgi ma'muriy-buyruqbozlik tizimi sababchi hisoblanadi. Infratuzilma yetarlicha rivojlanmagan taqdirda turistlar oqimini ko‘paytirish va shunga mos ravishda valyuta tushumini ko‘paytirish mumkin emas.

Bundan kelib chiqqan holda infratuzilmaning ahvoli turizmning rivojlanishi va mamlakat imidjini shakllantirishga bevosita ta'sir ko‘rsatadi. Avvalo, shuni alohida qayd etish lozimki, O‘zbekiston Respublikasi mustaqillikka erishmaguncha turizmga yetarlicha e'tibor qaratilmagan. Respublikaning turistik salohiyati to‘g‘risda obyektiv ma'lumotlar va reklama umuman bo‘lmagan.

Turizm, xizmat ko‘rsatish va ko‘ngilocharlik infratuzilmasi rivojlanmagan, turistlarga xizmat ko‘rsatish darajasi past bo‘lib, jahonning yetakchi turistik korxonalari bilan aloqalar bo‘lmagan desa ham bo‘ladi. Hozirda O‘zbekiston hududida turizm infratuzilmasi bir tekisda taqsimlanmagan. Toshkent shahri va viloyatida respublika turizm salohiyatining 36 % qismi jamlangan. Yirik infratuzilma salohiyatiga to‘rt viloyat (Toshkent, Samarqand, Buxoro va Xorazm) va Toshkent shahri ega, Farg‘ona vodiysi 19% turizm infratuzilmasiga ega.

Ma’lumki, turizm bugungi kunda tez rivojlanayotgan va daromadi bo‘yicha yetakchi sohalardan biri hisoblanadi. So‘nggi yillarda turizm jahon eksportida o‘zining ulkan hissasiga ega bo‘ldi va butunjahon yalpi ichki mahsulotining 11%ini tashkil qilmoqda. So‘nggi 40 yil davomida boshqa mamlakatlarga tashrif buyuruvchi turistlar soni 20 martaga turizmdan keluvchi daromad 60 martaga oshdi va xalqaro turizmdan olinuvchi daromad 400 mlrd dollarga etdi. Xususan, O‘zbekistonda erishilayotgan muvaffaqiyatlar zaminida iqtisodiyotni liberallashtirishni chuqurlashtirish, mamlakatni modernizatsiyalash, barcha sohalarni, xususan, xizmat ko‘rsatish sohasining etakchi tarmoqlaridan biri bo‘lgan turizmni ham barqaror rivojlantirish yotibdi.

Shunday mamlakatlar borki, faqat turizmdan tushayotgan daromad hisobiga kun ko‘radi. Ishlab chiqarish imkoniyatlari cheklangan bunday mamlakatlarda sayyohlarga xizmat ko‘rsatish tizimi rivojlanganligi sababli aholini ish bilan ta’minlash muammosi ham deyar. Ma’lumki, turistlar oqimini oshirish uchun zamonaviy qulayliklar yaratish talab qilinadi. Ayni paytda turistlarni kutib olish, joylashtirish, ularga o‘zlari tanlagan turizm sohalari bo‘yicha sharoit yaratish zarur. Bu talablar yurtimizda keyingi yillarda zamon talablari asosida bajarilmoqda.

Globallashuv jarayoni, xalqaro axborotlar, aloqa va transport tizimining rivojlanishi bilan sohada yangi imkoniyatlar yaratilmoqda. Jumladan, ilgari xorijdan tashrif buyurayotgan sayyohlarga yurtimizdagi qadimiy yodgorliklarni tomosha qilish, tanishish taklifi o‘rtaga tashlangan bo‘lsa, ayni paytda ziyorat, milliy liboslar, milliy urf-odat va an’analar, tibbiyot, ekologiya singari yangi yo‘nalishlar keng yo‘lga qo‘yildi. Bu qulayliklar turistlar oqimining kuchayishiga ijobiy ta’sir etmoqda.

Bugungi kunda mamlakat iqtisodiyoti ijtimoiy-iqtisodiy jihatdan rivojlanishning yangi bosqichiga chiqib bormoqda, chunki olib borilayotgan islohatlarning bosh maqsadi, O‘zbekiston Respublikasini har tomonlama, ya’ni ham iqtisodiy ham ijtimoiy jihatdan barqaror rivojlanishini ta‘minlash, jahonning rivojlangan mamlakatlari qatoridan joy olish hisoblanadi. Ushbu maqsadga erishishda iqtisodiy islohatlar bilan bir qatorda qurilishning milliy iqtisodiyotda tutgan o‘rni va ahamiayati muhim rol o‘ynaydi.

Qurilish milliy iqtisodiyotning mustaqil alohida tarmog‘i bo‘lib, yangi asosiy fondlarni yaratish hamda faoliyat yurgizayotgan ishlab chiqarish va noishlab chiqarish ob’yektlarini qayta qurish, kengaytirish,

Copyright © 2023 All rights reserved International Journal for Gospodarka i Innowacje This work licensed under a Creative Commons Attribution 4.0

ta'mirlash va texnik qayta jihozlash uchun moʻljallangan. Qurilish tarmogʻining ahamiyati shundaki, mamlakat milliy iqtisodiyoti rivojlanishi uchun shart-sharoit yaratib beradi. Qurilishning iqtisodiy jihatlarini oʻrganishning murakkabligi qurilish ishlab chiqarish jarayonining tashkiliy-iqtisodiy shakllarining xilma-xilligi, turli funksional maqsad va vazifalarga ega boʻlgan ishtirokchilarning koʻpligi va qurilish ishlab chiqarish jarayonining tabiiy sharoitlarga sezilarli darajada bogʻliqligidadir.

Qurilish ishlab chiqarish jarayonida investor, buyurtmachi, loyihachi, pudratchi, ixtisoslashtirilgan qurilish tashkilotlari ishtirok etadilar. Qurilish jarayonining bevosita ishtirokchilaridan tashqari, qurilish mahsulotlarini yaratishda texnologik asbob-uskunalar, qurilish mashinalari va materiallari ishlab chiqaruvchi oʻnlab zavodlar ham ishtirok etmoqda. Ishtirokchilarning bunday koʻpligi tufayli qurilish ishlab chiqarish jarayoni juda koʻp miqdordagi tashkiliy omillar ta'sirida shakllanadi, deb ta'kidlash mumkin. Boshqaruv tizimini oʻzgartirish, uni takomillashtirish, eng avvalo, tashkiliy munosabatlarni va shunga mos ravishda boshqaruvning tashkiliy shakllarini oʻzgartirishni anglatadi.

Shu sababli, kapital qurilishni toʻgʻri boshqarish – uning samaradorligini oshirish, ilmiy-texnikaviy taraqqiyotni jadallashtirish va tarmoqda mehnat unumdorligini oshirish, mahsulot sifatini yaxshilash va shu bilan qurilish tarmogʻining dinamik, rejali va mutanosib rivojlanishi davlat tomonidan uni ongli ravishda tartibga solish masalasini dolzarb qilib qoʻymoqda. 2023 yil 1-fevral holatiga qurilish tarmogʻida 45541 ta qurilish korxona va tashkilotlari faoliyat yuritmoqda, bu oldingi yilga nisbatan 1552 taga oshgan. 2023- Yilning yanvar oyida, Oʻzbekiston Respublikasida jami 5 011,9 mlrd. soʻmlik qurilish ishlari bajarilib, 2022- yilning mos davriga nisbatan 65,7 % ni tashkil etdi. 2023- yilning yanvar oyida Oʻzbekiston Respublikasida bajarilgan qurilish ishlarining iqtisodiy faoliyat turlari boʻyicha taqsimlanishi quyidagicha: - binolar va inshootlar qurish yoʻnalishi 67,1 % ulushni tashkil etib, 2022- yilning mos davriga nisbatan 66,5 % ni tashkil etdi; - fuqarolik obyektlarini qurish yoʻnalishi 19,9 % ulushni tashkil etib, 2022- yilning mos davriga nisbatan 70,9 % ni tashkil etdi; - ixtisoslashtirilgan qurilish ishlari yoʻnalishi 13,0 % ulushni va 2022- yilning mos davriga nisbatan 56,1 % ni tashkil etdi. Bajarilgan qurilish ishlarining katta qismi yangi bino va inshootlarni qurishga tegishli. Jami qurilish ishlarining 65,8 % i yoki 3 296,7 mlrd. soʻm qurilish ishlari aynan iqtisodiyotda yangi ishlab chiqarish quvvatlari, turar-joy va boshqa jtimoiy obyektlarni yaratishga qaratilgan.

Yirik qurilish tashkilotlari boʻyicha yangi qurilish hisobidan 302,7 mlrd. soʻmlik ishlar bajarildi yoki jami yirik qurilish tashkilotlarining yangi qurilish ishlaridagi ulushi 9,2 % ni tashkil etdi. Kichik korxona va mikrofirmalar boʻyicha yangi qurilish hisobidan 1 988,6 mlrd. soʻm yoki jami kichik korxona va mikrofirmalarning yangi qurilish ishlaridagi ulushi 60,3 % ni tashkil etdi. Yangi qurilish ishlari hajmida norasmiy sektor hissasi 1 005,4 mlrd. soʻm yoki ularning jamiga nisbatan ulushi 30,5 % ni tashkil etdi. Bino va inshootlarni qurish boʻyicha qurilish ishlari tarkibida yirik qurilish tashkilotlari tomonidan bajarilgan qurilish ishlari ulushi 7,2 % ni tashkil etib, 2022- yilning mos davridagi koʻrsatkichga nisbatan 0,1 % punktga koʻpaydi. Ushbu faoliyat turida kichik korxona va mikrofirmalar hissasiga toʻgʻri kelgan ulush 2022 yilning mos davriga nisbatan 8,0 % punktga kamayib, 59,0 % ni tashkil etdi.

Norasmiy sektorning ulushi esa 2022-yilning mos davriga nisbatan 7,9 % punktga koʻpayib, 33,8 % ni tashkil etdi. 240,9 mlrd. soʻm 1984,6 mlrd. soʻm 1138,0 mlrd. soʻm Jami bino va inshootlarni qurish – 3363,5 mlrd. soʻm Yirik qurilish tashkilotlari, kichik korxona va mikrofirmalar, norasmiy sektorning ulushi esa 2022- yilning mos davriga nisbatan 7,9 % punktga koʻpayib, 33,8 % ni tashkil etdi Qurilish tashkilotlari tomonidan yaratilayotgan mahsulotlar hajmining milliy iqtisodiyot yalpi daromadidagi ulushi doimiy ravishda ortib bormoqda, bu tarmoqda olib borilayotgan iqtisodiy islohotlar hamda mamlakat iqtisodiyotining jadal taraqqiyoti natijasidir. Shuni qayd etish kerakki, qurilish tarmogʻi barcha tadbirkorlik tuzilmasining koʻpchilik qismiga toʻgʻri keladigan xususiy korxonalar sonining oʻsish tendensiyasi kuzatilmoqda.

Xulosa qilib aytganda, mamlakatimiz iqtisodiyotini rivojlantirishda turizm va qurilish sohalarining oʻrni beqiyosdir.Oʻzbekiston turizmi rivojlantirish orqali iqtisodiy koʻrsatkichlar yildan yilga oshib

Copyright © 2023 All rights reserved International Journal for Gospodarka i Innowacje This work licensed under a Creative Commons Attribution 4.0

bormoqda.Ammo bu sohaning o‘zida ham yetarlicha muammolar bor, bu muammolarni bartaraf qilish orqali milliy iqtisodiyot yanada rivoj topadi.

Qurilish sohasiga sarflangan daromadning asosiy qismi iqtisodiyotda ishlab chiqarish quvvatlari va ko‘rsatkichlarini ko‘tarishga qaratilgan.Qurilish tashkilotlari tomonidan yaratilayotgan mahsulotlar hajmining milliy iqtisodiyot yalpi daaromadidagi ulushi doimiy ravishda ortib bormoqda, bu tarmoqda olib borilayotgan iqtisodiy islohatlar hamda mamlakat iqtisodiyotining jadal taraqqiyoti natijasidir. Shuni qayd etish kerakki,qurilish tarmog‘i barcha tadbirkorlik tuzilmasining ko‘pchilik qismiga to‘g‘ri keladigan xususiy korxonalar sonining o‘sish tendensiyasi kuzatilmoqda.
